

WE ARE FERSA GROUP A SPANISH-AUSTRIAN COMPANY

Fersa Group was created through the merger of two European bearing manufacturers: Fersa Bearings in Spain and NKE in Austria. Both are globally active in the design, production and distribution of high quality bearings for the global automotive and industrial markets.

Over 50 years of manufacturing experience and the trust of leading OEMs, Tier 1 and their respective aftermarkets endorse our products and services.

Fersa Group has an extensive network of distribution centers that service globally. We count with local facilities in Austria, Brazil, China, Spain and USA and state-of-the-art manufacturing centers in Austria, China and Spain.

THE PERFECT SOLUTION TO INDUSTRIAL APPLICATIONS

NKE AUSTRIA GmbH is a premium bearing manufacturer with headquarters in Steyr, Austria. The company was founded in 1996 by a group of senior staff members of the former Steyr Wälzlager.

NKE manufactures both standard and special bearings for all industrial applications. Our core competences – engineering, product development, final processing of components, assembly, quality assurance, logistics, sales and marketing – are centralised in Steyr. The site is accredited with ISO 9001:2015 (design, development, manufacturing and distribution of bearings), ISO 14001:2015 and OHSAS 18001.

NKE bearings are distributed through international representative offices and more than 240 distribution outlets in over 60 countries.

We offer.

- / Standard bearings with a comprehensive stock range.
- / Tailor-made bearings for special requirements.
- / Technical service (e.g. consulting, documentation, training etc.).

Quality guaranteed at 100%.

All NKE bearings are manufactured with state-of-the-art equipment. They undergo stringent and documented quality inspection. By using advanced testing and measuring equipment and applying a rigorous quality policy, we can guarantee that every single batch of bearings delivered is of the highest quality standards.

NKE bearing units

- / Premium quality
- / 100% compatible with market leader
- / Comprehensive range
- / Ready-to-mount for your applications

NKE headquarters in Steyr – more than 10.000 m2 for core functions such as engineering, production, logistics, quality assurance, marketing and sales.

AUSTRIAN QUALITY COMBINED WITH ADVANCED TECHNOLOGY

Technical features

Bearing units consist of a housing and an insert bearing. NKE bearing units offer simple, effective and reliable technical solutions with the minimum design requirements. NKE bearing units are robust, ready-to-mount, and resistant to humidity, contaminated water and dust. They can be deployed in numerous applications, such as steel industry, heavy machinery, agricultural machinery, conveyor belts, etc.

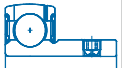

Housings

- / Cast iron or pressed steel

Insert bearings

- / Different designs
- / Sealed on both sides
- / Spherical outer ring, which matches the housing bore
- / Compensation of misalignment
